Patrick has had a girlfriend for a while and he tells you that his girlfriend would really like to have sex with him before they get married.
*Will Patrick have positive or negative feelings with regards to this outcome?

Story 11

1. Your friend Joseph, from Houston, just turned thirty last week. His teeth are in terrible shape from years of not seeing a dentist and have been mildly bothering him. Joseph decided to see a dentist. He hoped that the dentist would find a way to keep his teeth healthy without having to pull them out. The dentist cleaned and fix up Joseph's teeth, and guaranteed that with proper care they would stay healthy for many years.
* Will Joseph have positive or negative feelings with regards to the outcome?
2. Your friend Joseph, from Houston, just turned thirty last week. His teeth are in terrible shape from years of not seeing a dentist and have been mildly bothering him. Joseph decided to see a dentist. He hoped that the dentist would find a way to keep his teeth healthy without having to pull them out. The dentist decided that best thing to do would be to pull out all of Joseph's teeth after all, and he did so on the spot.
* Will Joseph have positive or negative feelings with regards to the outcome?
3. Your friend Joseph is originally from East Africa but has been living in Houston. In his native culture, a man's teeth are all pulled out as a guarantee of future health. Joseph decided to see a dentist. He hoped that the dentist would find a way to keep his teeth healthy without having to pull them out. The dentist cleaned and fix up Joseph's teeth, and guaranteed that with proper care they would stay healthy for many years.
* Will Joseph have positive or negative feelings with regards to the outcome?

4. Your friend Joseph is originally from East Africa but has been living in Houston. In his native culture, a man's teeth are all pulled out as a guarantee of future health. Joseph decided to see a dentist. He hoped that the dentist would find a way to keep his teeth healthy without having to pull them out. The dentist decided that best thing to do would be to pull out all of Joseph's teeth after all, and he did so on the spot.
* Will Joseph have positive or negative feelings with regards to the outcome?
5. Your friend Mark, from Houston, just turned thirty last week. His teeth are in terrible shape from years of not seeing a dentist and have been mildly bothering him. Mark decided that he wants to have all of his teeth pulled out so that they will never get any worse. He went through with the procedure to have all of his teeth removed. The pain is gone and the wounds have healed.
* Will Mark have positive or negative feelings with regards to the outcome?
6. Your friend Mark, from Houston, just turned thirty last week. His teeth are in terrible shape from years of not seeing a dentist and have been mildly bothering him. Mark decided that he wants to have all of his teeth pulled out so that they will never get any worse. However, his dentist refused to do the procedure, and so Mark was not able to have his teeth removed.
* Will Mark have positive or negative feelings with regards to the outcome?
7. Your friend Mark is originally from East Africa but has been living in Houston. He just turned thirty and his teeth are in perfect condition. Mark strongly agrees with his native cultural tradition that a person's teeth should all be pulled out when he turns thirty, as a guarantee of future health. He went through with the procedure to have all of his teeth removed. The pain is gone and the wounds have healed.
* Will Mark have positive or negative feelings with regards to the outcome?

*Will Mark have positive or negative feelings with regards to the outcome?

Story 12

1. Your friend Laura used to send her children to a local daycare, that required all children to be immunized against common diseases. Laura was worried about infections at the daycare, and really wanted her children to be immunized. She was very happy about the daycare's policy. When the daycare did their usual yearly immunization, Laura's children were immunized like all the others.
*Will Laura have positive or negative feelings with regards to the outcome?
2. Your friend Laura used to send her children to a local daycare, that required all children to be immunized against common diseases. Laura was worried about

infections at the daycare, and really wanted her children to be immunized. She was very happy about the daycare's policy. When the daycare did their usual yearly immunization, they made a mistake and Laura's children were not immunized.

*Will Laura have positive or negative feelings with regards to the outcome?

3. Your friend Laura is from a very religious family. She sent her children to a local daycare that required all children to be immunized against common diseases. Laura was worried about infections at the daycare, and really wanted her children to be immunized. She was very happy about the daycare's policy. When the daycare did their usual yearly immunization, Laura's children were immunized like all the others.

When the daycare did their usual yearly immunization, they made a mistake and Laura's children were not immunized.

*Will Laura have positive or negative feelings with regards to the outcome?

5. Your friend Nancy used to send her children to a local daycare that required all children to be immunized against common diseases. Nancy thinks immunization is unnatural, and against her principles of leading a balanced life, so she does not want it for her children. Instead of immunizing them, Nancy pulled her children out of daycare, and arranged for a full time Nanny.

*Will Nancy have positive or negative feelings with regards to the outcome?

6. Your friend Nancy used to send her children to a local daycare, that required all children to be immunized against common diseases. Nancy thinks immunization is unnatural, and against her principles of leading a balanced life, so she does not want it for her children. The day care did not know about Nancy's beliefs, though, and her children were immunized along with all of the others.

*Will Nancy have positive or negative feelings with regards to the outcome?

7. Your friend Nancy is from a very religious family. She sent her children to a local daycare that required all children to be immunized against common diseases. Nancy devoutly believes that immunization is unnatural and against the will of God. She did not want her children to be immunized. Instead of immunizing them, Nancy pulled her children out of daycare, and arranged for a full time Nanny.

*Will Nancy have positive or negative feelings with regards to the outcome?
